2000 MEN EMPLOYED IN NEV. CO. MINES

Payroll Figures $260,000 Per Month, New Record For Year

Another big bulge in Nevada County's mining payroll, with 123 more men employed this month than last, is revealed in the monthly compilation of facts and figures in the Nevada City Nugget November Mining Development issue today.

The payroll has advanced during the month from $244,000, in round figures to $260,000 per month.

New mines are recorded as getting under way, with occasionally one formerly listed closing down for the season. Those closed are usually gravel properties that must wait for water.

An increase in the number of men employed is noted in several of the larger properties, while a number of old workings have been reroganized, new capital provided and work resumed.

The stimuls is directly attributable to the Roosevelt Administration's policy of buying gold in the domestic and world market. The price is advancing fractionally daily and never in the history of gold mining have all circumstances been so propitious for this industry.

Among those mines listed as employing more men than last month are the Idaho-Maryland, Lava Cap, which has put more men to work at its Central mine, You Bet gravel mining company, and Alcalda. Some of the properties which have been reorganized and have started development work during the month are Hussey, Phoenix and Mohawk properties.

Favorable from the seasonable point of view is the fall weather, which except for the one thus far has been clear and warm, enabling operators to pursue their enterprises without hindrance. In fact the rain was vastly beneficial in some of the old gravel diggings, providing a badly needed supply of water.

AMALGOLD TAILINGS

The North Star tailings being worked by I. E. Martin with his amalgold process, has been retarded owing to the breaking of a dam which they are busily engaged in repairing now. Four men are employed.

KENNEBEC CONSOLIDATED

Paine Bros, who own the Kennebec Cons., are now driving their main tunnel ahead and are in 395 feet. Ore taken out in driving the tunnel is stored near their Huntington mill. Three men are employed.

CHAMPION

Messers. Anderson and Johnson, who have a lease on the old Champion mine tailings west of the city limits of Nevada City, are expecting a stacker today and will start operations at once.

The canals are dug and the stream is bridled up they can handle the

Owing to the fact that Nevada County is regarded as one of the "white spots" on the map of the United States, a large number of unemployed men is being attracted here. While approximately 2,044 men are steadily employed in Nevada County mines, there are hundreds of "rustlers" daily applying for employment at the mines who have absolutely no chance in the world for a job. This is a warning to those who have no means of subsistance NOT to come to Nevada County looking for employment.

NEW APARTMENTS BRING LIFE TO COMMERCIAL ST.

Commercial street has come back. Those who have helped it to a ressurrection in business life are the firms who have established businesses on the famous old street of the Forty Niners during the past month or two, but among the leading magicians who have brought the old thoroughfare back to life are Frank Davies, owner of the Transcript building, who ordered a thorough remodeling of his building and A. H. Burton, contractor of Grass Valley, who untertook the work.

Under Burton's direction, six modern apartments have been constructed on the upper floor, within the historic old brick walls that once housed Nevada City's daily newspaper. On the street floor three garages and a beauty parlor have been constructed.

A. H. Burton does many other types of work beside remodeling and rehabiltating buildings. He is now engaged in erecting a row of cottages in Grass Valley, which are certainly without precedent in this country. The cottages are so constructed that they can be taken down in sections, floors, walls, roof, and even the cement foundation, and carted away and placed anywhere else.

The walls are first built lying on the ground ,and are then raised into position. The roof is built in sections on the ground and then placed atop the new cottage.

Recently Mr. Burton constructed a fine modern cottage in Grass Valley, then loaded it onto trucks, delivered and erected it in Alleghany, all in one day. By night time the new owners moved in, started their kitchen fire, turned on the electric lights and began housekeeping.

But the old Transcript building's rehabilitation is a matter of some pride with Mr. Burton. Within that building he constructed six metropolitan apartment homes, gave each one plenty of light and air, all the conveniences of any big city apartment.

From the standpoint of the owner, Frank Davies, he stated yesterday that the rehabilitation of the old Transcript building, as an evidence of his faith, had already been amply justified. He invites all those who may be interested in seeing this new structure under modernized conditions to call next Sunday between 10 o'clock in the morning and 4 o'clock in the afternoon, and he will show them through it. He states that every apartment and all the garages and store rooms have already been rented, indicating Nevada City's pressing need for more housing facilities.

MOHAWK MINE BONDED TO SAN FRANCISCO CO.

The Mohawk mine, south of Nevada City which was recently bonded to a group of San Francisco capitalists by Captain Ben A. Bost, has had a crew of seven men employed the last ten days reopening the property.

Two shifts are working drifting east and west on the 200 foot level to connect up with two veins known to exist a short distance away.

Due to cave-ins and other unfortunate mishaps this mine was closed down from time to time.

It is most favorably located as it is in the center of one of the richest gold producing districts in the county. Ore taken out of the bottom of the shaft, just before the big cave-in carried excellent values.

B. L. Eastman, superintendent and engineer, is in charge of operations.

Mr. Eastman has his crew hired and no new men are to be employed for some time to come.

Annual Red Cross Drive Opens Monday

George Calanan, general chairman of the Red Cross drive, yesterday announced the personnel of the staff which will conduct the Red Cross drive opening in Nevada City next Monday. The territory and those in charge of each section are as follows:

Mrs. C. E. Parsons and Mrs. M. F. Erway—Nevada City ,High, and Washington streets.

Mrs. John Darke and Mrs. G. H. Calanan—Coyote, Alexander, and lower Main street.

Mrs. Mary Warnecke and Mrs. J. O'Neill—upper Main, East Broad, Pine and Cottage streets.

Mrs. Austin and Mrs. Michael Flynn—West Broad, Spring and Lost Hill.

Mrs. Horace Curnow and Mrs. Treglown—Piety Hill.

Mrs. Otto Schiffner and Mrs. Don Stegar—Prospect Hill.

Mrs. Fred Sauvee and Mrs. Charles Guenther—Boulder, Park avenue and Nimrod.

Mrs. Miles Coughlin and Miss Zoe Tredennick—Long and Clay streets.

P. G. Scadden, James Dolan, E. J. N. Ott, W. M. Gracie—Business district from Clark street to Nevada Theatre

Fred Schack—Murchie mine.
Gordon Bettles—West Mines.
John Widauf—Hoge Mine.
Otto Schiffner—Lava Cap.

FAMOUS GERMAN BAR MINE IS BEING REOPENED

The German Bar mine, on the Middle Yuba river, in Nevada county, is being reopened after a two year shut down and plans have been laid for a winter campaign, preparatory to the installation of a Garcia mill as soon as the roads are opened next spring.

Machinery, lumber and other supplies are being moved into the property this month and a crew of eight to ten men will be employed during the winter season.

FIRST PRODUCER OF HIGH GRADE

The German Bar property consists of 96 acres, two patented claims and three others and has long been noted as the first producer of the "bonanza" ore which has made the Alleghany district famous.

The mine is the first in that district to have been systematically worked and is said to have been in operation as early as 1851. There is a record of asmall mill at the mine which was carried away by the flood of the English Dam in 1882.

$2000,000 PRODUCTION TO DATE

From its original discovery to the present time, over $200,000 has been extracted according to the U. S. Geological Survey; this production came mostly from the vein enrichments, most of the ore of milling grade being left in the various tunnels.

There are in all about 2000 feet of drifts and 500 feet of upraises, indicating that the ratio of production to development is about $80 a foot.

The workings consist of three tunnels, the lowest close to the river bank, with two others 67 and 133 feet above. There are in all over 500 feet of backs with the vein proven for 2800 feet on the surface.

TWO VEINS DEVELOPED

Some of the production was derived from "mill rock" having a tenor of about $15 a ton. The "mill rock" stopes also yielded small bunches of high grade, the ore in which gold was associated with coarse arsenopyrite.

It is said that one stope of bonanza ore in No. 4 tunnel, produced $26,000 and one in No. 2 tunnel, $16,000.

Two veins have been developed—the German Bar vein, followed from the portal of the lower tunnel and the Wheeler vein, which is a short distance to the north and is apparently joined by the German Bar vein towards the east.

The principal vein, which averages from a foot to over seven feet, strikes 70-80 W. and dipped 40-80 N. It follows a fault as there is gabbro on the hanging wall side and conglomerate black slate, shist and tuff of the Kanaka formation along the footwall in the western part. It belongs to the same zone of fissuring as the west vein of the Irelan mine

(Continued on Page Eight)

COUNCIL PLANS IMPROVEMENTS FOR CITY HALL

Having purchased a handsome walnut counter that once graced the Citizens Bank, the city council is now considering improvements and alterations in the city hall, which would make the building an appropriate setting, chronologically, at least, for the walnut counter. It is generally agreed the city hall badly needs renovating.

Last evening Howard Ross, building contractor submitted figures for altering and painting the front of the city hall, and for remodeling its interior.

For modernizing and painting front, and installing plate glass windowns, his figure was $532. For altering the interior, repairing and improving it, his figure was $427, ro a total of $959 .It seemed to be the concensus of opinion among board members that this was more than they can afford to spend. Mr. Ross was asked to submit specifications from which the board will select such items, as it believes it can afford to have done now.

The board also ordered 200 feet of 18 inch steel pipe to replace leaky pipe in the Canada Hill line. The leaks are said to be costing the city $10 per month at water rates paid the N. I. D.

Some time since Frank Davies presented the Native Sons of this city with an historic old stage, now badly housed at North Columbia. The Native Sons have asked the city council to provide shelter for it. This they agreed to do.

The new licensing ordinance was discussed. In response to inquiries of several business men present it was learned that the minimum fee contemplated will not exceed $2 per quarter.

LAVA CAP MINE ROAD IS BEING BALLASTED

There was a large attendance at Wednesday's meeting of Nevada City Chamber of Commerce at which many matters of deep interest were discussed.

The meeting at Sacramento on hydraulic dams was discussed. The members were informed that the report and maps of the proposed Narrows dam were on the way to Washington, D. C.

A committee's report was read in regard to rocking the road to the Lava Cap mines. It was stated that Supervisor C. S. Arbogast expects to have it in readiness by the time the rains set in.

GOVERNMENTAL REORGANIZATION

In an urgent appeal to business groups and civic organizations to recognize that they have a partnership with government which demands that they accept "partnership responsibilities," State Controller Ray L. Riley told the State Chamber of Commerce, in annual convention in Los Angeles that "California government must be reorganized from the bottom upward if there is to be any substantial reduction in expenditures."

Addressing a noonday luncheon of the State Chamber, the Controller declared that "so long as we are content to let local pride and political office control the direction of governmental procedure, we may expect the price of government to be beyond the capacity of those governed to meet the charges."

Controller Riley made two definite recommendations to the State Chamber:

1—That the expenditure control provision in the Riley-Stewart tax relief plan, adopted by the people at the special election last June, be made permanent. This provision limits local expenditure increases to not more than 5 per cent over the preceding year. It is mandatory for the next two years and may be continued in effect by the legislature.

2—That business and civic groups, including the State Chamber, assist in mapping plans for reorganization and consolidation of all governmental agencies—district, municipal, county and state—to eliminate unnecessary services and make possible substantial cuts in governmental overhead.

"It is not uncommon to find state, county and municipality acting in a supervisorial capacity in the same field," said Controller Riley. "We have indulged the wasteful practice of permitting several agencies, both local and state, to police the same business. I have been told that no less than seven inspectors, representing different governmental agencies, visited one business establishment within a week.

"That condition, which has helped to pile up an unbearable tax burden is a product of our own apathy. And it is foolish to expect that substantial reforms can be obtained through haphazard activity or occasional assaults on entrenched privilege.

"I am not unmindful that we operate under a democratic form of government wherein the people rule. But this does not mean that an intelligent minority could not, if it desired, lead the majority along constructive lines. Let us be frank. Our trouble has been that we have permitted interested blocs to jam through special legislation for their special benefit. And it is the sum total of this bloc-demand which has crushed the ordinary taxpayer.

"Nor am I unmindful of the fact that we, as business men, have been content, during prosperous years, to listen to the tinkle of the cash register, without any regard to one of the most important phases of our economic life. Business and government are so closely related that if either fails in any particular the other is directly affected.

"If we recognize that this is so, the day is here when business men must devote a substantial part of their time and attention to a partnership which they have long ignored—a partnership which definitely takes the profits of business, year in and year out, with a very substantial voice in the management of business. The State Chamber of Commerce could perform no greater service for the people of this state than the undertaking of such a program."

Due to the relief afforded local property taxpayers by the shift of school costs to the state, California has averted a disastrous collapse of government, both state and local, Riley said.

MARKET CONTROL SAVES MILLIONS

By RALPH H. TAYLOR

Market control to strike a balance between supply and demand, when rigidly and uniformly enforced, pays agriculture millions of dollars in cash dividends.

And the new marketing agreements, now being widely adopted in the various branches of the agricultural industry, make possible strict and uniform enforcement.

Such, in substance, are the conclusions of E. L. Markell, representing the Agricultural Adjustment Administration of the U. S. Department of Agriculture, in his first report of the new set-up in actual operation.

The federal expert emphasizes that the new marketing agreements are directed primarily at rising prices of farmers' products—increasing farm income!

"They are not designed, as some growers seem to feel, to assist the shippers in gaining control of farm products," reports Markell. "Nor is there any desire to alter the existing system of distribution, except insofar as may be necessary to eliminate wasteful practices, and to restrain the operator who will not play fair.

"They are intended to protect the farmer and the Department of Agriculture is doing its utmost to accomplish this end."

PEACH INDUSTRY ORGANIZES

The first marketing agreement to be approved in the entire country covered the California canned peach industry. And California growers profited to the extent of $4,000,000 by the deal, according to Markell.

"Under the markketing agreement for the California canned peach industry," he declares, "the price paid to growers for their No. 1 peaches was fixed at $20 per ton. This was made possible by limiting the pack of California canned peaches to 10,000,000 cases.

"Economists had determined that this restricted output could be sold at a sufficient advance over the probable price of an unlimited pack to enable the canners to pay this amount for the fruit. And the growers received about $4,000,000 more for their crop than they received last year. The restricted pack gives the canners a practically certain market, and the maximum selling price, which was also a part of the agreement to protect the consumer against profiteering."

The Tokay grape marketing agreement, which went into effect after the shipping season was about half over, turned a rapidly demoralizing market into a well stabilized market for the balance of the season. Prior to the agreement, states Markell, prices indicated a return to the growers of less than harvesting costs, but the control made possible by the agreement inspired a feeling of confidence in the buyers which was reflected in greatly improved f. o. b. demand and materially higher average prices.

Control, in the Toky grape deal, he estimates, saved the growers at least half a million dollars.

GROWERS NEVER 100 PCT.

Chief criticism of the new marketing agreements, according to Markell, has resulted from the fact that many growers felt the agreements should be among themselves exclusively. But growers, he states frankly, will seldom, if ever, cooperate on a 100 per cent basis—a few, for selfish reasons, or because of too much "rugged individualism"—invariably upsetting the best laid plans for their welfare.

Forece, he points out, would be required to make possible dependable control of production.

But when the grower becomes the shipper in interstate commerce, he is immediately subject to federal laws and forced regulation. With the shipper, as with the grower, it has been impossible in hte past to obtain full cooperation on a voluntary basis.

The advantage of the marketing agreements, he declares, is that the Agricultural Adjustment Act now provides the power to force shippers of farm products in interstate transit to abide by the will of the majority. It is impossible to restrict shipments and even to fix prices, whenever conditions demand it, without fear that a small minority can stop in and break control.

There is much of vital importance to California agriculture in Markell's report of first results under the new marketing agreements. They point the way toward a much more intelligent and systematic marketing program than has existed in the past. And they bring real hope of increasing farm prices to a point where the farmer can make a fair profit, even in the face of overproduction, nad that is some thing the poor old farmer will certainly be glad to see.

Operations at the Golden Center mine in Grass Valley are confined principally to the driving of a crosscut on the 1,100 foot level where they expect to cut a vein. Fifty tons of mining machinery arrived recently at the Alta Hill property, also owned by the Cooley Butler interests. The machinery was purchased in Idaho and will be used at the various properties the company owns.

F. W. CAMP INVENTS WAY TO BLAST SEA BOTTOM

CAMPTONVILLE, Nov. 14.—F. W. Camp, who spent two years operating the Indian Hill hydraulc mine a few years ago, and who has been working on the Golden Gate Bridge, having charge of deep water work recently perfected an invention by which holes could be bored in ground under deep water, dynamite sent down and exploded, a great boon to this type of bridge construction. He had his invention patented, and it has gone over big. He was here over a week ago, spending two days inspecting operations at the True Grit mine.

Al Kelliher and John Figurski motored to Placerville, Amador and Angels Camp Tuesday. They saw a lot of mine activity on their trip and the streets of Jackson were very active.

TURKEY SHOOT WILL BENEFIT NEEDY FAMILY

CAMPTONVILLE, Nov. 15—If the weather permits, a big Turkey Shoot is scheduled to take piace here Sunday, November 19th. A large number of fine birds will be put up, and some of the crack shots around here are polishing up their sights and preparing to take home not the bacon, but the turkey. Some of the local ladies will serve turkey sandwiches, those who shoot will get a sandwich free, to others it will be 10c each. Proceeds from the sale of these sandwiches will be given to the benefit fund for the Frank Bobb family.

ADDENDA

TO DELINQUENT TAX LIST NOTICE OF SALE OF PROPERTY AT PUBLIC AUCTION FOR DELINQUENT TAXES OF 1927. ALSO PROPERTY DELINQUENT FOR TAXES OF 1927 FOR WHICH SALE WAS POSTPONED FOR ONE YEAR.

In pursuance to law, public notice is hereby given that, commencing on the 6th day of Dec., 1933, at the hour of 10 o'clock A. M. of that day, and continuing from day to day thereafter, if additional time is required to complete the sale, in the office of the Tax Collector of the City of Nevada, State of California, the undersigned, Tax Collector, will, unless the delinquent taxes thereon are sooner redeemed, or sale postponed, sell or offer for sale at public auction to the highest bidder, for cash, in lawful money of the United States, the several parcels and lots of property hereinafter described upon which date five or more years will have elapsed from the date of the sale of said property to the city. No bid for said property will be accepted for less than the amount of all taxes, penalties and costs due on said properyt for the year the same was sold to the city, which minimum amounts are set forth opposite the description of said properties:

In order to entitle the successful bidder to a deed of the property purchased, he must, in addition to the price paid pursuant to his bid at such sale, within thirty days, pay by redemption any and all further delinquent taxes and assessments against said property, together wiht all penalties, costs, interest and charges accrued thereon.

After a bid has been made and accepted at such sale, the right of redemption (except by the purchaser) shall cease.

Dated this 10th day of Nov., 1933.
W. G. ROBSON.
Tax Collector of the City of Nevada, State of California.

The properties to be sold and the subject of this notice are situated in the City of Nevada, State of California, and particularly described to-wit:

No. 6242
SUMMONS

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF NEVADA

J. F. MURPHY, also known as JAMES FRANCIS MURPHY; JOHANNA T. PROVIS; DANIEL TREANOR; ALBERT E. MURPHY, also known as A. E. MURPHY; JAMES H. BROWN; CALVIN J. BROWN; CHESLEY BROWN; ALVA PFAFF; GEORGE L. MURPHY, also known as GEORGE MURPHY, Plaintiffs,

vs.

JAMES MALONE; MARTIN MARONEY; JOHN BURNS; S. P. MURPHY; MARGARET A. MURPHY, also known as M. A. MURPHY; T. J. MURPHY; J. H. MURPHY; ADA E. MURPHY; MARY MEAGHER; CATHERINE P. MEAGHER; WILLIAM H. MEAGHER; AND ALSO ALL OTHER PERSONS UNKNOWN CLAIMING ANY RIGHT, TITLE, ESTATE, LIEN OR INTEREST IN THE REAL PROPERTY DESCRIBED IN THE COMPLAINT ADVERSE TO PLAINTIFFS' OWNERSHIP, OR ANY CLOUD UPON PLAINTIFFS' TITLE THERTO, Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Nevada.

W. E. Wright and Robert W. Tharp, Attorneys for Plaintiffs, Union Building, Nevada City, California.

THE PEOPLE OF THE STATE OF CALIFORNIA, SEND GREETINGS TO: JAMES MALONE; MARTIN MARONEY; JOHN BURNS; S. P. MURPHY; MARGARET A. MURPHY; also known as M. A. MURPHY; T. J. MURPHY; J. H. MURPHY; ADA E. MURPHY; MARY MEAGHER; CATHERINE P. MEAGHER; WILLIAM H. MEAGHER; AND ALSO ALL OTHER PERSONS UNKNOWN CLAIMING ANY RIGHT, TITLE, ESTATE, LIEN OR INTEREST IN THE REAL PROPERTY DESCRIBED IN THE COMPLAINT ADVERSE TO PLAINTIFFS' OWNERSHIP, OR ANY CLOUD UPON PLAINTIFFS' TITLE THERTO, Defendants:

You, and each of you, are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada within Ten (10) days after the service upon you of this summons, if served within this County, or within Thirty (30) days if served elsewhere.

You are hereby notified that unless you appear and answer as above required, the said Plaintiffs will take judgment against you for any money or damage demanded in the Complaint as arising upon contract or it will apply to the Court for any other relief demanded in the Complaint.

The said action is brought by the above named Plaintiffs against the above named Defendants, and each of them, to quiet Plaintiffs' title to the land and real property described in the Complaint on file in said action and herein after particularly described, and to determine the adverse claims of the above named Defendants, and each of them, and of all unknown persons to, and clouds upon the title to the said real property and the whole thereof pursuant to the provisions of Section 749, 750 and 751 of the Code of Civil Procedure of California, and that said real property is situate, lying and being in the County of Nevada, State of California, and is particularly described as follows, to-wit:

PARCEL No. 1: Lot Number Thirty-eight (38), in Township Seventeen (17) North, Range Eight (8) East, Mount Diablo Base and Meridian, in Montezuma Hill Mining District, and more fully described in the Patent from the United States of America to James Malone, dated September 28, 1878, recorded August 25, 1881, in Book "I" of Patents, at page 692, Records of Nevada County, State of California.

PARCEL No. 2: A portion of Lot Thirty-seven (37), in Township Seventeen (17) North, Range Eight (8) East, Mount Diablo Base and Meridian, described as follows viz:

Beginning at a stake Marked No. 8, standing on the Southerly line of the Keystone Mining Claims, and running thence North 69½ degrees West 12 57-100 chains; thence North 6 3-4 degrees East 20 chains, thence North 62½ degrees East 6 chains, thence South 17 and one-fourth degrees East 26 25-100 chains to an oak tree on the south line of said lot 37, thence South 58 degrees West 4 16-100 chains to the place of beginning, containing twenty-five (25) acres of land, more or less.

The object of the said action is to obtain the judgment of the Court against said Defendants and each one of them, known and unknown as follows:

That all adverse claims to, and all cloud upon the title of Plaintiffs to said real property or any and every part thereof be determined by the judgment and decree of said Court, and that it be decreed that Plaintiffs are the sole owner in fee of said real property and the whole of said real property herein described, being the same real property described in the Complaint of Plaintiffs on file herein, and that Plaintiffs are in the possession of the property and entitled to the possession of the said real property, and the whole thereof, and that the Defendants have not, and that no one of said Defendants, including the unknown persons made Defendants herein, have any right, title, estate, lien or interest of any kind whatsoever, in or to or on the said real property or any part thereof, and that said Defendants and each and every one of them, known and unknown be forever debarred, enjoined and restrained from making or asserting any claim whatsoever in or to said real property, or any part thereof, adverse to Plaintiffs, and that the title of said Plaintiffs in and to said real property and the whole thereof be forever quieted and adjudged good and valid, and for such other and further additional order, judgment, decree and general relief as is meet and proper in the premises and for costs of suit.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Nevada, this 11th day of October, 1933.

(SEAL)
R. N. McCORMACK,
Clerk of the said Superior Court.
By R. E. DEEBLE,
Deputy Clerk.

Nevada-Placer County Rally in Grass Valley

A Nevada and Placer county rally of the members and friends of the Methodist church, is to be held at the Methodist church in Grass Valley Friday eening, November 17.

Miss Ruth Richardson, a missionary, who has just returned from China will be the main speaker of the evening.

Supper is to be served at the close of the meeting.

SHAMROCK CAFE WILL MOVE TO NEW SITE

Mrs. Blanche Neaves, proprietor of the Shamrock Cafe, popular restaurant in Nevada City, has purchased a large lot on Piety Hill from Mr. and Mrs. Jack Campbell and in a short time plans to build a nice home there where she will reside.

In the near future she also plans to erect a number of three room cottages, with bath, for rent.

The property fronts on Zion st., near its junction with Pine, and is one of the most desirable locations in Nevada City.

Mrs. Neaves, who has taken a lease on the M Cafe, owned by Ed Schmidt, is having the building completely remodeled and will be ready to move into it by the first of December.

Royal Arch Masons, Roseville To Install Chapter De Molay

Roseville—November 16th, 1933-Royal Arch Masons, Roseville Lodge will, on the 18th of November, 1933, install a chapter of DeMolay with Jessie M. Whitehead, of San Francisco in attendance as the guest of honor. Sacramento Chapter De Molay will perform the ceremony of installing the young officers who are to have the reins of government in the new order: The following officers are to be installed:

M. C.— .....Roy Taylor
Sen. Com.—.....Duean Arnett
Jun. Com .....David Tiner
Sen. Dea.—.....Carlos Schmidt
Jun. Dea.....LeRoy Sharp
S. S.—.....Morse Stewart
J. S.—.....Clinton Langley
Sentinal:—.....Donald Schmidt
Treasurer:— .....Henry Schmidt
Scribe:— .....Tom O'Brien
Chaplain:—.... .....Roy Boyehr
Marshall:— .....Dick Wells
Standard Bearer: .....Alvy Jones
Preceptors: Robert Morford, Phillip Ganache, Alex Boyer, Ralph Donaldson, Arnold Lee, Wheatley Shearer, and Elmo Hardison.

J. W. Hanson, former principal of Roseville Union High School and very popular with the boys, is chairman of the advisory board and the new chapter is certainly getting off to a good start. The young men who are being installed tomorrow night are all graduates of the Roseville Union High School and are the very kind of boys that are bound to come out on top. The Nugget wishes the new order of DeMoley all kinds of success. We hope that you young fellows get going in such a manner that the whole town will be proud of you.

Home Missionary Society Enjoys Tea

The Women's Home Missionary Society of the Methodist church in Nevada City held a regular meeting Wednesday afternoon at which time there was a "Thanks offering" and an "Antique Tea."

In connection with the program was a skit given by five ladies entitled, "A Larger Thank Offering." The display of antiques proved deeply interesting and was varied consisting of old pictures, books, art work, pottery, quilts, and coverlets.

Mrs. Sampson of Grass Valley had an especially pretty display of shell work and hair work she had made.

Mr. Bosworth, who recently opened a furniture store in Nevada City, spent the Armistice day holiday in Vallejo with his family .

Two Interesting Speakers At M. E. Church Sunday

Church services at the Methodist church next Sunday morning will be conducted by Dr. H. K. Hamilton, superintendent of the Sacramento and Neada county district.

In the evening, Miss Ruth Richardson, a missionary, who has just returned from far away China, will be the speaker. Both are to speak on interesting subjects and all who possibly can should attend as they will thoroughly enjoy the meetings.

Mr. and Mrs. Hammond Moved to Grass Valley

Mr. and Mrs. Art Hammond, who have resided on Park avenue in Nevada City for the last ten years, have sold their home and moved to Grass Valley yesterday to reside.

Mr. Hammond is employed in the Idaho-Maryland mine and it is felt they will be nearer his work.

It is with regret that Nevada City sees this estimable couple with their three children move away and hopes for them happiness and prosperity in their new home.

Gold Flat Club Met Thursday Afternoon

The Gold Flat Thursday Club held its regular meeting yesterday afternoon at the home of Mrs. Clarence Walters.

There was a good attendance of members present and all enjoyed a happy social time and a short program.

Woman's Civic Club Hears Lecture on Homes

There was a splendid attendance of members and visitors at the Woman's Civic Club meeting last Monday evening.

Many interesting topics came up for discussion and at the close the speaker of the evening Mrs. G. Malone of the Southern part of the state, was introduced. In her delightful way she stated our section was a "district of magnificent distances," and she was thrilled with the romantic and historic lore of this part of the state. Her subject was "American Homes," and she had found the people most hospitable. Her principal talk was on the youth of today and touched a responsive cord in many hearts present.

In two weeks the club will have as a speaker Mr. Jack Wolff of Grass Valley ,who will speak on the Yuba Canyon Country.

Lucky 'Alice' Learns Role

Charlotte Henry, above, former Brooklyn girl who was picked from among 7000 girls to play the role of "Alice" in a forthcoming film production of "Alice in Wonderland," is busy in Hollywood these days learning her lines. Miss Henry was selected for the part because of her resemblance to the original drawings of Lewis Carroll's immortal character.

Armistice Day, Red Letter day For Legion

By MRS. ETHEL BURTNER

Armistice Day! It was a big day for the Legionaires and Auxiliary in Grass Valley. A splendid parade in the morning followed by exercises in the Memorial building. Taps being read by Mrs. Ethel Burtner, Jack Nutle, Buglar, accompaning the Auxiliary Glee Club and the Grass Valley Octutte singing, Rev Rexroad giving a stirring address and the massed bands of Grass Valley, Grass Valley high school, Nevada City high school and the Legion Drum and Bugle Corps playing in unison. The football gam twas fine. In th eevening the Legion and Auxiliary held separate banquets, followed by the annual ball, the biggest and best yet held in Grass Valley. Sunday 100 attended the Aerial Pick-up when we "went over the top."

Tuesday evening the Auxiliary entertained the Post. Eight candidates were initiated. District President, Wheeler presented the Auxiliary with $2.50 for being the first unit in District 6, "ove rthe top" in membership for th esecond successive year. With a quota of 110 we now have 118 paid up memberships. A brief program was followed by refreshments and an hour of dancing.

Carl Larson and wife are spending a vacation on the Klamath river and enjoying a fishing trip.

Mr. and Mrs. W. Buffington and son, Billie, spent the Armistice holiday in Live Oak. Thep spent some time hunting ducks.

Are YOU HAPPY After Meals
Or Do Gas on Stomach and Sour Stomach make you Miserable?
Too much food, or the wrong kind of food, too much smoking, too much beer, make your body over-acid. Then you have distress after eating, gas on stomach, heartburn, sour stomach.
ALKA-SELTZER relieves these troubles promptly, effectively, harmlessly.
Use Alka-Seltzer for Headache, Colds, Fatigue, "Morning After Feeling," Muscular, Sciatic and Rheumatic Pains.
Alka-Seltzer makes a sparkling alkaline drink. As it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid.
Alka-Seltzer tastes like carbonated mineral spring water—works like magic. Contains no dangerous drugs....does not depress the heart....is not a laxative.
For COLDS HEADACHE NEURALGIA FATIGUE Rheumatic Sciatic Neuritic Periodic PAINS
Get a drink at your Drug Store Soda Fountain. Keep a package in your home medicine cabinet.

Another Milestone In Nevada City's History

The Davies-Transcript Building is Completed

The old Transcript building on Commercial street, partially idle for many years has been rehabilitated by its owner, Frank Davies, into apartments on the second floor and store rooms on the street floor. It has been completely remodeled, painted, and modernized under the expert direction of A. H. Burton, General Contractor and builder.

On the upper floor are six apartments of the very latest design, three single apartments and three for families. The floors are of oak. Every room is well equipped with gas facilities, electrical installations for heating, lighting, and cooking, and beautifully finished in the latest word in wall papers.

Owing to the heavy brick walls which enclose the entire new structure, the interior is wonderfully insulated against both heat and cold, and heating costs, particularly, are reduced to a very low figure.

Remodeling of this famous old building is only one type of the general contracting work that I do.

For Renovating, Remodeling, Additions, or Building Complete New Homes at a Cost Surprisingly Low, See . . . . . .

Faith in Nevada City Justified

The old Transcript Building, Renovated, Rehabilitated, will be open for public inspection on Sunday from 10 o'clock in the morning until 4 o'clock in the afternoon. All those who desire to see what Contractor A. H. Burton has done in restoring this building to the comfortable and modern uses of home life are cordially invited to come and see the apartments which I believe are as fine as anything in Nevada County.

My faith in Nevada City's future has already been justified. I have not single apartment, store room or garage in the building for rent. They are all taken, thereby proving that Nevada City is badly in need of comfortable, modern housing accomodations.

NEVADA CITY

Mining Development

(Continued from Page 1)

water in any way they choose.

The boat is in place, with steam shovel and trommel installed. A pole line has been run to the property and all machinery will be run by electricity. Three shifts will be put to work as soon as the plant operations get well under way.

MISTLETOE MINE

C. La Boyteaux, who has taken over the Mistletoe mine in the Rough and Ready district, completed the unwatering of the shaft some time ago. Quite a lot of machinery has been installed and it is reported drifting is about ready to start after a thorough cleaning out of the shaft.

STOCKTON HILL MINE

Under the management of E. C. Boring, a mill is being built at the Stockton Hill mine to mill the dump. This property is south of Grass Valley and has had a crew engaged for many months developing the property and taking out good ore.

ANCHO-ERIE MINE

The Ancho-Erie mine, near Washington, has a crew of 15 men employed mining and developing the property. The mill is operating on good commercial ore. The P. G. and E. company has two crews working at each end of a five mile line that will soon bring electricity to the mine. Work is being rushed in order to complete the work before winter storms set in.

REMINGTON HILL

About twenty men are employed at the Remington Hill mine, where final work is being rushed for hydraulic operations in the spring. Much time and money has been spent in getting the big gravel property in shape for operations, in the building of ditches, flumes and buildings and installing machinery.

MURCHIE MINE

The Murchie mine, east of Nevada City, is mining and milling 200 tons of ore daily. Extensive reserves of excellent ore is blocked out on the 1600 foot and other levels. The Murchie mine is reported to be earning close to $85,000 monthly.

Flotation process is being used in recovering values.

HOMESTAKE GRAVEL MINE

The Homestake gravel mine, east of Nevada City, about 15 miles in the Steep Hollow district, is being operated by W. L. Jones with a crew of five men. He has encountered a small 35 foot channel with an 18 inch strip which prospects all the way across. He has taken out some handsome nuggets averaging from $10 to $50 each. The gravel averages $7 to the car.

SPANISH MINE

The two mile tramway at the Spanish mine has been completed and the mill is operating steadily on ore taken from the mine.

SAN JUAN MINE

The San Juan mine above North San Juan has about 15 men employed in taking out ore, 100 tons of which is shipped to the Bradley mill at Seattle and milled each month. Mining and development are progressing at a satisfactory rate.

HOGE DEVELOPMENT

Good progress is being made at the Hoge Development Company's property northeast of Nevada City, where a contract was let to sink from the 1000 foot level to the 1,200 foot level. The mill is running two shifts on ore being taken from the 600 foot, 700 foot and 1000 foot levels. Arthur Hoge is superintendent.

RED DOG-YOU BET PROPERTY

Three shifts are being worked in driving a 1,000 foot tunnel which is to be used in hydraulic operations. A crew is also engaged in digging ditches to be used in carrying water. Electricity was cut into the property a few weeks ago. The company installed their own saw mill and it has been running night and day getting out timber. C. L. Chase is superintendent with W. Scott, engineer and general manager.

LAVA CAP PROGRESS

The Lava Cap Gold Mining Corporation, which is making rapid headway in reconditioning the Central and Banner mines, reports that unwatering the Banner shaft has progressed below the 800 foot level and that an examination of the old workings reveals four levels in which are several stopes made by the early day owners. The company is straightening out the old shaft and getting it in condition for a resumption of operations.

The 250 ton mill at the Central mine, it is announced by Otto Schiffner, superintendent, will be ready for use about December 1.

SPRING HILL

Latest reports from the Spring Hill mine which lies between Nevada City and Grass Valley, they are still drifting on the 900 foot level. H. R. Plate is superintendent.

DRUNK PICKS OUT CAR ROOF FOR CELEBRATION

SACRAMENTO, Nov. 16. (UP)—Walter McDonald's choice of a site for his celebration met with anything but approval from Western Pacific trainmen.

Carrynig two bottles of whisky, he proceeded t oclimb up on top of a box car and started to soak it up. When several hours later, the train crew sougth to move the car they could not get McDonald down from the top of the box car.

Police, summoned to the railroad yards, finally produced a rope and lowered the man to the ground. (The freight train departed on its way a scant half hour after the intoxicated one had been lowered to safety.

Rev. and Mrs. H. H. Buckner and Rev and Mrs. Pratt of the Methodist churches of Nevada City and Grass Valley motored to Sacramento Tuesday evening and attended a Methodist conference. They enjoyed a dinner and program afterwards.

War Veterans' Problems

Not since the period of the World War has the Red Cross faced a greater problem in handling the claims of World War and other veterans. Due to the changes in the regulations covering veterans' claims, chapters all over the nation have been crowded with veteran applicants for relief and for service in preparing appeals. During last year Red Cross home service workers in 3,268 chapters dealt with the problems of 411,124 ex-service men or their families. The chapters also aided 7,346 men still in the regular army, navy and marine corps.

Tornado Is Most Frequent Disaster; Causes Heavy Loss of Lives

What type of disaster occurs most frequently in the United States?

This question is answered from the relief annals of the American Red Cross which show over a period of years that the tornado, or cyclone as it is called in some sections, is the most frequent and claims a heavy toll of life. It swoops almost without warning, and in the terrific whirlpool of its fierce winds it destroys all in its path.

The Red Cross gave relief in 44 tornadoes in eighteen states last year. The tornadoes killed 326 persons, injured 2,755 and the Red Cross gave aid to 21,738 who were homeless, injured or otherwise victims of the storms.

Toll of the Earthquake

When a severe earthquake killed 95 persons; injured 4,911 and destroyed several thousand homes in Southern California last March, the Red Cross was first upon the ground with emergency relief. It required more than three months for the Red Cross to restore the needy to a self-sustaining basis. The organization expended a relief fund of $411,000.

Serves Under Five Presidents

John Barton Payne, a retired judge and lawyer of international reputation, is serving his twelfth year as chairman of the American Red Cross. His service is without pay, and his appointment is by the President of the United States. He has served by appointment in high public office under five presidents—Wilson, Harding, Coolidge, Hoover and Roosevelt.

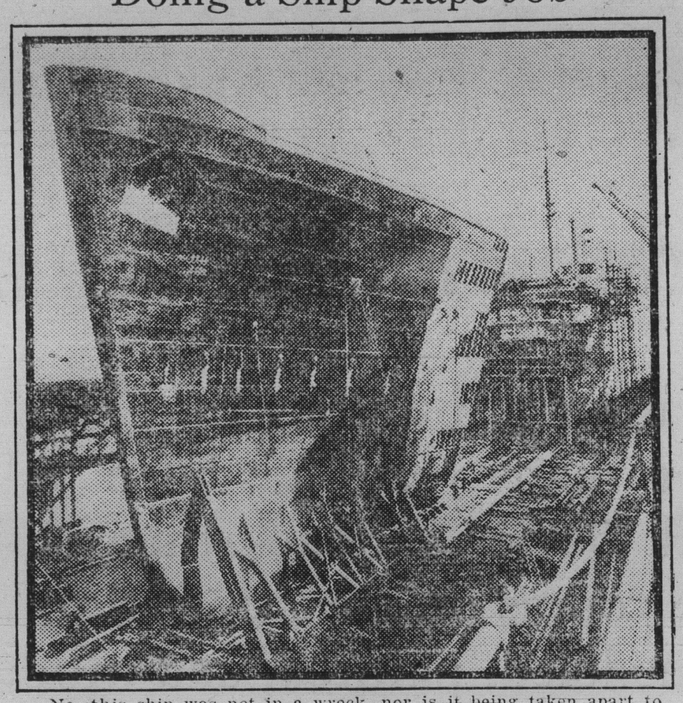
Doing a Ship-Shape Job



No, this ship was not in a wreck, nor is it being taken apart to reveal what makes it go. It is one of four Hamburg-American liners being reconstructed at Hamburg, Germany, to enable them to attain a speed of 19.5 knots. The vessels are being enlarged, and the shapes of their bows changed.

BOTTLING WORKS PUTS IN HUGE REFRIGERATOR

One of the largest, if not the largest refrigerators in Nevada county, has just been installed by E. R. Stambaugh of the Nevada City Bottling Works. It is a General Electric refrigerator and was installed by Sproul and Richlin of Grass Valley. it is 10 feet wide, 12 feet long, and 7 feet high containing 840 cubic feet of storage space. It will hold nearly a carload of beer in kegs.

Mr. Sherrick, mining man of Downieville, and wife were business visitors in Nevada City Wednesday.

MINING MAN ACCUSED OF STEALING MACHINERY

CAMPTONVILLE, Nov. 15—Douglas Harmison, who has a mining claim at the mouth of Indian Creek, six miles north of this place, was arrested Tuesday morning by Sacramento officers, and turned over to Sheriff Chas. J, FcCoy of Yuba county, on a warrant issued in the Camptonville Justice Court, on a complaint of Frank Pendola, charging grand theft. Harmison is alleged to have stolen $400 worth of equipment and machinery from the Pendola Saw Mill and hauled it to his mining claim. A search warrant was obtained, and the owners of the mill, together with Constable A. H. Behrens and Sheriff D. W. Johnson of Sierra county found the stolen goods which was brought to the Camptonville Justice Court. Among th earticles listed as stolen were. An anvil, grandstone, 400 feet ½ inch cable, 100 feet of three-fourths inch cable a, saw and drill, a vice, mill bearings, drums a number of small tools, and a quantity of other aritcles.

The theft took place about two months ago at night. The mining claim to which the material was taken is on the North Yuba River where Indian Creek empties into it, and is a very rugged country, this heavy goods having to be taken down almost perpendicular hill sides.

Harmison is in the custody of Sheriff McCoy, in default of being able to furnish $1,000 cash bail set by Judge Cleveland.

A little son was born last Friday to Mr. and Mrs. Herman Burton of Alleghany, at the Nevada City Sanitarium.

HIGHWAY RULES GIVEN FOR SAFE DRIVING

Here are a few highway safety and common sense rules that everyone on the highway would do well to follow.

1. Have your car in perfect mechanical condition—particularly with regards to brakes, steering gear and headlights.

2. Give your undivided attention to your driving. In passing traffic, be sure there is a place for you in the traffic line ahead, if not wait until there is. don't go busting along without any regard to the other fellow.

3. When other motor vehicles try to pass you—let them pass. They own just as much of the highway as you do.

4. Stop and look all around at all railroad crossings, don't try to knock over any box cars.

5. When you come to a "stop" sign—stop, not merely if you think the cops are watching you.

6. Always signal before you slow down, stop or change your course of travel.

7. Don't "loaf" when traffic is very heavy. Do your loafing after you get home.

8. Do not give strangers a lift. They may "pop" you over the head with a black-jack and steal your car.

9. Never throw a cigarrette or cigar butts, pipe leavings, or matches out of the car until your are SURE they are out.

10. Excercise courtesy and good will on the road and you will derive greater pleasure from your motor trips and so will the other fellow.

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, Nov. 12.—E. O. Holm of Oroville spent two days in this section this week on business.

County Surveyor Jason R. Meek of Marysville was in town on official business Thursday. His grandson, William C. Meek accompanied him.

W. H. Cartwright of Grass Valley passed through town Thursday from Sacramento enroute to the upper country.

Erle Pauly arrived Thursday from Auburn on a two days visit with his parents.

The Shrimmer family who resided in the Williams house left a few days ago for Nevada City where they will make their home.

Mrs. M. J. Cunningham spent a few days this week visiting in the vicinity of Sacramento.

Charles E. Wilson, Jr., arrived Saturday from Sacramento to spend the week end visiting his father at Log Cabin.

Forest Supervisor Richard L. P. Bigelow of Nevada City, was in town Saturday on official business.

Miller McBride of Yuba City was in town Friday on a short business visit.

Mrs. Minnie Rathjen of Pike City spent several days here this week visiting.

Frank Pendola arrived Thursday from San Francisco on a few days visit to his old home here.

Chas. H. Greene of Grass Valley was a business visitor here Friday.

Phil Fodrina of North San Juan was in town on business Saturday.

Kenneth Schurr arrived Friday from Chico on a visit to his mother

Forest Ranger Frank W. Meggers was engaged Friday and Saturday in taking care of several small forest fires at Pike City.

Sheriff W. D. Johnson of Downieville was in town Saturday on official business.

Lawrence E. Turner motored to Downieville Saturday evening on a short visit.

Albert H. Hamilton motored to Calpine Saturday on a short visit.

CAMPTONVILLE, Nov. 14.—Myron Pauly and Hubert Long motored to Mohawk Monday on a short visit.

Constable A. H. Behrens returned to duty on the Forest Service force Monday, the warm weather and prevalent fires making it necessary to have him on duty in the office again.

John J. Kelly, passed through town Monday from Nigger Slide enroute to Moonshine. The weather is very cold on the river and he may not return there until next spring.

Mrs. Louise Knickrem arrived Monday from Mohawk and will spend a few days visiting her daughter, Mrs. J. E. Pauly.

Fire Guard Earl Rickard of Goodyears Bar was in town Monday on official business.

Julius E. Pauly motored to Marysville Monday on a short business stay.

C. E. Kennady of Oroville was in this section on Sunday on a short visit.

Mr. and Mrs. Eugene H. Hays motored to Browns Valley Saturday to spend the week end.

FUNERAL SERVICES HELD FOR MRS. RONCHI

Funeral services were held for Mrs. Agda Ronchi yesterday afternoon at her home in Folsom. Mrs. Ronchi, the wife of R. E. Ronchi, passed away suddenly at breakfast Tuesday morning. She was drinking a cup of coffee. The cup fell to the floor and by the time her husband reached her side, she was dead.

Upon their marriage in Sacrament twenty four years ago, Mr. and Mrs. Ronchi came to this city and for many years made it their home. Mrs. Ronchi was a devout member of the Trinity Episcopal church. Mrs. Ronchi had a wide circle of friends who mourn her passing.

Surviving her besides her husband are the following brothers and sisters: Albert Enquist, Oxyl Enquist, Miss Ida Enquist, Mrs. N. C. Davis and Mrs. F. H. Fowler. Interment was in East Lawn cemetery, Sacramento

WEATHER APLENTY AT CAMPTONVILLE

CAMPTONVILLE, Nov. 4.—The meteorological record as recorded by the U. S. Department of Agriculture Weather Bureau, as made by local observer Elmer S. R. Hall, gives a total precipitation for the month of 7.33 inches of rainfall, which took place during the big storm a week ago. The month of October had 25 clear days, two partly cloudy, and four cloudy, the greatest rainfall in 42 hours having took place on the 30th., when 4 inches fell. Light hail is recorded on the 30th. The maximum temperature of the month was 96 on the 3rd., with a minimum of 38 degress on the 31st. The heavy rain did much good, and it is hoped that several more storms of like nature will prevail during the winter season. This one storm was about one-sixth of the total precipitation for last season.

Bible Class Holds Election of Officers

The Bible Class of the Methodist church held their regular business meeting Thursday evening.

Officers were elected for the coming term, followed by a social hour and moving pictures.

The aim and purpose of this class is to welcome all strangers into the organization who are interested in church work and is known as the "Friendly Strangers Class."

Mrs. George Gibson is president and has filled the office in a most pleasing and efficient manner.

All members are urged to be present.

Mr. and Mrs. Fred Miller accompanied by Mrs. Henry Schroeder and Mrs. Nellie Adair motored to Sacramento Monday where Mrs. Adair took the train for her home in Monterey. She has spent about ten days visiting relatives in Nevada City and Grass Valley, being a sister-in-law to Mrs. Miller, Mrs. Schroeder and Mrs. John Evans.

Why Get Up Nights?
Make this 25c Test

This easy bladder physic is needed to drive out impurities and excess acidswhich cause irritation that results in leg pains, backache, burning and getting up nights. BU-KETS, the bladder physic, containing buchu, juniper oil etc. works on the bladder pleasantly and effevtively, similar to castor oil on the bowels. Get a 25c box (5 grain size) from your druggist. After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better after this cleansing and you get your regular sleep.—Sold by—DICKERMAN DRUG STORE, Nevada CITY, CALIFORNIA. B-36

'Happy Warrior'

You may not recognize him without his brown derby, but this is Alfred E. (Al) Smith, former governor of New York and Democratic nominee for president in 1928. He is shown with tribal headdress after being made an Indian chief during his recent visit to the Chicago World's Fair.

LUMBER TALKS

"Our Seasonal Remodeling Problems"

HUM AND HAMMER

Gold is up, they tell me,
Dollars they are down;
But the urge of Progress
Animates the town.
Rainy days will soon be here,
Chilly grows the air;
Plan your indoor building
While the skies are fair.

You can turn the attic into a retreat.
With a built-in book case
And a window seat;
Mothers always need more shelves,
And more closet room,
Mothers like to have a place
For the mop and broom.

We are always cheerful
When the skies are grey,
So let's plan our indoor sports
For the rainy day;
Make the home more livable
For the big and small,
Come, let's hum and hammer
When the rain drops fall.

A. M. C.

Even tho we are nearing the close offall months there is yet underway considerable building, both new and remodeling. Many home owners however, are turning their attention and thought to the necessary remodeling of the interior of their homes which can be done during winter weather. Increased calls for wallboard, closet linings, paints etc., indicate that thought of improvement. New lumber and building materials for winter use are now arriving at our yard. We are prepared to meet your building material requirements. If not convenient to call, phone 29 and we will promptly wait upon you.

NEVADA CITY IN LAST GRID GAME TOMORROW

By THE CUB REPORTER

Nevada City and Grass Valley will have another pigskin encounter tomorrow afternoon at 2:30 on Cashin's field.

This game should be more of a fight than the last battle in which Grass Valley whipped the Yellow Jackets to the dolorous tune of 40-0. The chances of victory will this time be more equal because Grass Valley is sending up a team equal in weight to the local squad. Most of the heavier members of the team have been eliminated. Another factor contributing to the interest of the game is that it is the last game of the season for both teams. Coach Barron is unable to give his starting line up as yet. He predicts that the game will be the most exciting one of the season.

Miss Josephine Tomola Weds Antonio Costa Jr.

Miss Josephine Tomola and Antonio Costa Jr., were married yesterday morning at 9 o'clock by Father McGarry at Downieville. Mrs. Costa is postmistress of the Sierra county seat. Ralph Costa, brother of the bridegroom, was best man, and the bride's sister was bridesmaid.

The happy and popular young couple will spend their honeymoon in Mexico. They will return to a brand new model home recently completed near the postoffice.

Elks Enjoy First Turkey of Season

The big turkey dinner served by the Elks Lodge of Nevada City last evening was well attended. It was the first turkey dinner for the season.

Kopps Bakery baked the big turkeys with the latest receipt for dressing and they were all that could be desired in delicious roast turkey.

Myers Mobley was chairman of the committee that served turkey and all the good things that made it a feast.

Mark Paine, part owner of the Kennebec Cons. mine near Lake City was a Nevada City visitor yesterday.

GERMAN BAR MINE

(Continued from Page 1.)

in the direction of the 16 to 1, Tightner and Oriental mines.

FUTURE OF THE DISTRICT

The recent publication, by the U. S. G. S., "Quartz Veins of the Alleghany District," makes the following comment on the future of the district.

"It must be evident to anyone who has studied the body of the report, particularly the section on ore shoots, that the authors consider that the veins of the Alleghany district hold promise of considerable future production.

"It may be that the deposition of the coarse gold of the high grade shoots was dependent upon a delicate adjustment of physical conditions such as temperature and pressure and that at much greater depth a wider distribution of gold into lower grade shoots will be found. The increase in the amount of gold outside the high grade shoots in the lower levels of the 16 to 1 mine and the "mill ore" of the German Bar mine suggest that this is possible. But high grade rather than mill ore is the principal source of gold in the lowest workings of the district, such as the lower parts of the Sixteen to One and Plumbago mines, and the workings of the Gold Canyon and German Bar mines."

DEVELOPED BY ALTA CALIF..

The German Bar has been under development for the last six years by a group of engineers, headed by Colonel Charles R. Blood of Sacramento and Thomas E. Stephens of Auburn. Among the other members of the directorate are Engineers J. W. Killinger and L. F. Kengle and J. G. Wlash, J. H. Mackert and S. Steindorf

The three old tunnels have been reopened and driven ahead and ore blocked out ready for milling. All necessary mine buildings have been erected, administration, cook, bunk, assay and compressor houses, machinery installed and power, telephone and pipe lines constructed to property.

The mine is now ready for a mill and a California company has been formed under the name of the German Bar Gold Mines, Inc., for $500,000 with a state permit to place 60,000 shares of its capital stock on the market.

The main office of the company is in the Forum Bldg., Sacramento, the mine direction being North Bloomfield, Nevada county.

Native Daughters in Grab Bag Masquerade

Laurel Parlor, N. D. G. W., held a most interesting meeting Wednesday evening. After the regular meeting the members gathered and marched around the room each picking up a bundle that had been brought by a member and placed in a pile. They continued to the dressing room where they changed to the wearing apparel in the bundle and appeared again in the costume much to the amusement of the others. Miss Tredennick won first prize while Mrs. Day was second.

Next a short Armistice Day program was rendered with community singing as the introductory number; Mrs. Nellie Clark, a reading; Mrs. J. Day, solo; Miss Zoe Tredennick, a raeding. Community Community closed the program.

NEV. CITY NIMRODS BAG LIMIT OF PHEASANTS

A group of Nevada City business men motored to the Sacramento valley Wednesday and enjoyed pheasant and quail hunting between Yuba City and Sutter City. Each one brought home a limit of pheasants, two birds.

Wednesday was the opening day and the first time pheasant shooting has been permitted in California.

Wednesday evening the hunters returned and proudly exhibited their beautiful birds in Nevada City. They were also nice limits of quail.

The group consisted of Myers Mobley, Sheriff George R. Carter, Robert Nye, Elmer Durbin, John Tognarelli and Dave Richards.

When praised for their limits one hunter remarked, "The birds were not so plentiful, but we were just good hunters."

Champion Circle Holds Initiation

Champion Circle, No. 325, Neighbors of Woodcraft, met in regular session last evening and candidates were initiated into the order. A delightful social session was held after the meeting.

Executive Council of P. T. A. Meets Today

The P. T. A. Executive Council of Nevada and Placer counties are to hold a meeting at the Washington school in Nevada City this afternoon at 2 o'clock.

A short program has been prepared. It follows: Song by fourth grade boys; piano solo, Betty Lou Krough, harmonica solo, Craig Davies; solo, Billie Tobiassen; Mrs. Landis of Auburn will be the speaker of the afternoon. Refreshments will be served.

E. Boswell, who is interested in mining on the South Yuba river below Washington, was a Nevada City visitor this week. He has installed a mechanical plant for the treatment of river gravels. Four men are employed.

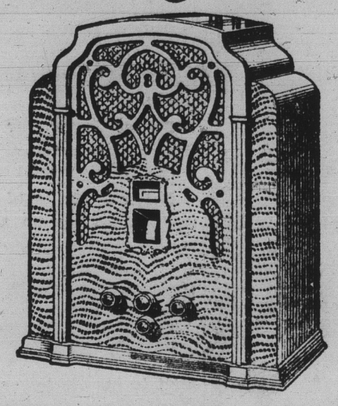
Job's Daughters To Initiate New Members

At the invitation of Evangeline Chapter, O. E. S. Job's Daughters, of Grass Valley, which is composed of Nevada City and Grass Valley girls, will initiate three Nevada City girls into the order.

Evangeline chapter is to open and conduct so as to close by 8:30 giving Jobs Daughters plenty of time to put on their initiatory work.

WE'RE ASKING AN OLD FASHIONED PRICE

8 TUBES



Model 715

FOR THE FINEST MODERN SMALL RADIO ZENITH CAN BUILD!

Its price isn't the only remarkable thing about this modern little Zenith radio—just examine it!
